### Electronic Signature Policy

#### 1.0 Background and Purpose

Use of electronic signatures increases the efficiency of various internal and external transactions that require signature or authorization. This policy establishes and governs the process for using and accepting electronic signatures used to conduct official District business.

#### 2.0 Policy

The District permits the use of Electronic Signatures for both internal and external transactions to conduct the official business of the District in accordance with the procedures set forth below.

- 2.1 Where District policies, or applicable laws, regulations, or rules require a signature, that requirement is met if the document contains an Electronic Signature.
- 2.2 If a law or regulation prohibits a transaction from occurring electronically, the transaction must occur in the manner specified by that law or regulation.
- 2.3 This Policy shall be construed in a manner consistent with the Colorado Uniform Electronic Transactions Act (the "Act"). If there is a conflict between the Act and this policy, the Act shall control.
- 2.4 Nothing contained in this Policy shall be construed as requiring a person to use an Electronic Signature for any District business or transaction. Scanned, copied, or facsimiles of documents containing an original handwritten signature are not covered by this Resolution as such are not considered Electronic Signatures under the Act, and are legally acceptable without further action of the District.
- 2.5 If an applicable policy, law, regulation or rule prohibits particular District business or transactions from utilizing Electronic Signatures, such business or transaction shall be consummated in the manner permitted by applicable law. If an applicable policy, law, regulation or rule requires an Electronic Signature to contain specific elements, notwithstanding the acceptability of the Electronic Signatures as described in this Policy, the Electronic Signature must contain those specific elements to be valid and enforceable.
